Financial Policy

I understand that I am responsible for all charges incurred for any treatment rendered regardless of insurance coverage, and that payment in full is expected at time of treatment. We will file claims to your insurance on your behalf, but any amount not covered by your insurance is your responsibility and payable immediately. If we have received a predetermination of eligibility from your insurance provider, any deductible and/or charges not covered by your insurance and deemed payable by you are expected at the time of your appointment.

We accept payment in cash, check or debit/credit card. Checks returned for insufficient funds will result in a $35.00 returned check fee.

We require a minimum 24 hours notice of cancellation for all appointments. We reserve the right to charge a cancellation fee of $50.00 for the time that was scheduled for you if an appointment is missed or cancelled with less than 24 hours notice.

Any outstanding balance is due within 30 days of billing. Accounts more than 90 days past due are considered delinquent and will be sent to Savit Collection Agency. Any account sent to collection will incur a charge equal to 20% of the unpaid balance, which will be added to your account.

Thank you for your cooperation in understanding our financial policy. If you have any questions, please feel free to ask us. We will be happy to help you in any way that we can.

I have read and understand the above financial policy and agree to abide by its terms.

Insurance Agreement

Your dental insurance coverage is a contract between you, your insurance carrier and your employer, if your coverage is obtained as a benefit of your employment. As a provider, we do not have any input or control over the coverage provided by your plan. The benefits, allowances, frequencies, deductibles and out of pocket responsibilities for your treatment are determined by your contract with your insurance carrier.

Our office collects your portion of treatment expenses at the time of treatment and we submit a claim on your behalf to your insurance. The amount we collect for your portion is based on the *general* coverage estimates for each carrier. *Please note that your individual plan may vary and that you may actually owe more or less than our estimates.* We will do our best to obtain coverage information on your behalf, however, you are responsible for knowing and understanding the details of your specific insurance contract.

Once all outstanding claims are received from your insurance, we will bill you for any amount due. In the event you have paid more than required by your insurance, we will promptly issue a refund for the credit balance on your account.

While we do our best to accurately estimate what your insurance will cover, the final decision lies with your carrier. We do not get a final determination until they have completed processing each claim. There are many procedures that are “downgraded” by insurance, such as white composite fillings and porcelain crowns. In these cases many insurance policies will only pay what they allow for amalgam fillings and steel crowns. You are responsible for the difference between the amount paid by your insurance for such downgraded procedures and the fee allowance for procedures actually completed.

By signing below, I affirm that I have read and understand the information stated above. I understand that it is my responsibility to know and understand the details of my dental insurance coverage, and that payment for all treatment is my responsibility, regardless of my insurance coverage.
